## **WILBERFORCE UNIVERSITY PREAMBLE**

Wilberforce University is currently experiencing a renaissance. Excellence, Innovation, and Kindness characterize the *Wilberforce Renaissance*. At Wilberforce University, this renaissance is further defined by operational efficiency, fiscal responsibility and strength, and intentional focus on providing a rich student engagement experience. This renaissance is a cultural rebirth of Wilberforce University, based on the rediscovery of its significant history as America's first private HBCU founded by African Americans and a renewed commitment to building upon the noteworthy and venerable legacy. The *Wilberforce Renaissance* allows us to operationalize our mission and act as a bridge to intellectual curiosity and rigor, academic achievement, social change, and the cultivation of an entrepreneurial spirit in the 21<sup>st</sup> Century.

## **WILBERFORCE UNIVERSITY HISTORY**

Wilberforce University can trace its origin to some of the most agonizing history that our country has endured. During pre-Civil War years, abolitionists were locked in a moral conflict with pro-slavery elements. One result of the struggle was the creation of the famous Ohio Underground Railroad to help those who would be free men. At the end of the railway, Wilberforce's first students, slaves and freed blacks, found freedom of mind. Ignorance was slavery's rule. A university was formed to bring light to the minds of men.

Founded in the State of Ohio in 1856, Wilberforce University is the first predominantly black university in Americas and was named to honor the great 18<sup>th</sup> century abolitionist, William Wilberforce. Earlier that year, members of the Methodist Episcopal Church purchased property for the new institution at Tawawa Springs near Xenia. The school progressed until the Civil War when enrollment dwindled and financial support declined; the original Wilberforce closed in 1862.

In March of the following year, Bishop Daniel A. Payne of the African Methodist church, a member of the original 1856 corporation, negotiated to purchase the University's facilities. He secured the cooperation of John G. Mitchell, Principal of the Eastern District Public School of Cincinnati, and James A. Shorter, Pastor of the A.M.E. Church in Zanesville, Ohio. Soon afterwards, the property was formally turned over to them as agents of the church, and the university was newly incorporated on July 10, 1863.

On the same night that President Abraham Lincoln was assassinated in Washington, the original Shorter Hall burned to the ground. It was soon rebuilt through the dedication of many friends and supporters of the church and its new college. By then, a highly-trained faculty was employed and instruction on the college level was begun under the administration of President Payne, the first black college president in America.

Wilberforce began to receive much support from individuals, philanthropic societies, the U.S. Congress and Chief Justice Salmon P. Chase, a member of the Board of Trustees. In 1887, the State of Ohio began to assist the University by establishing a Combined Normal and Industrial Department. Payne Theological Seminary was founded four years later, as an outgrowth of the theological department of Wilberforce University.

In recent years, the university has gained strength, and through the devotion and efforts of the A.M.E. Church, its alumni and friends is undergoing a thorough revitalization. The proud tradition of the school has been preserved, but its educational processes have been re-oriented to speak directly to the challenging concepts that have brought relevant vitality to the university.

## **STANDARDS FOR STUDENT CONDUCT HONOR CODE**

The Community at WU, in order to make known the standards to which all community members subscribe has established the honor code. It is the obligation of all community members to uphold these standards. Should a member of our community fail to uphold these standards, or witness another community member commit an infraction and not report to the proper authorities, they will be considered in equal violation and will be dealt with accordingly.

As a Wilberforcean, I will show both within and outside of the university, respect for order, morality, personal honor, and the rights of others, as is demanded of good citizens. I will respect my fellow community members and always strive to present my personal best. I understand the expectations that have been set forth and I will act with responsibility and care, being fully aware that I will be held accountable for my actions. I will not engage in activities that run counter to the mission and history of Wilberforce University. I am fully knowledgeable that my participation in criminal activity or engaging in immoral acts, are in breach of the student code of conduct and will result in disciplinary action which could include dismissal from the university. I will give every effort to work in the spirit of collaboration and uphold the legacy and traditions of Wilberforce University and I will embrace the university's value of service to my fellow brother/sister, the community, and God.

## **FOUNDATION FOR STUDENT CONDUCT POLICY AND DISCIPLINE PROCESS**

Every academic community has certain standards by which the activities of students are governed. The approval of students' applications for admission and their formal registration at Wilberforce University certifies their willingness to abide by the academic and social standards, policies and regulations of the University. Wilberforce attempts to provide an environment that is conducive to academic endeavors, social growth and individual self-discipline.

The University may impose formal disciplinary actions because it has a responsibility to ensure all members of the University have the opportunity to attain their educational objectives. It also has the subsidiary responsibility to protect the rights, health and safety of persons in the University community, to keep accurate records and to sponsor non-classroom activities, such as lectures, concerts, athletic events and social functions.

Authority to impose formal sanctions may be delegated by the President, Vice Presidents to student groups. Disciplinary action may be taken against students for offenses that have occurred while they are registered or pending registration.

Such disciplinary action shall, where possible, follow the formal rules and procedures outlined below, provided that nothing in the rules shall be construed to interfere with the inherent rights of the University in time of emergency to promulgate and operate according to reasonable rules and regulations for the protection and continued functioning of the University community and its members.

At all times, the President or designated Executive, Senior or Vice Presidents may, at his/her discretion, take administrative disciplinary action to include dismissal, suspension, etc. Such action may be taken in times of emergency or when there is evidence of danger to the health, welfare and moral climate of the institution. When such action is taken, a hearing may be set at a later date, within 60 calendar days.

If students show evidence of emotional and/or social problems and are referred to the Sr. Vice President of Student Engagement and Success or designated counselors and/or Health Center, and they refuse the service, the University reserves the right to suspend those students for a minimum of one semester, if it is felt that their behavior is detrimental to themselves and/or to others. These students can be readmitted to the University after providing a letter from a mental health professional stating that they have been under treatment and may, without danger to themselves or others, return to the University.

Wilberforce University endorses academic freedom - freedom to learn, freedom to think, freedom to speak, freedom to write and freedom to publish. It also endorses those amendments to the Constitution of the United States that guarantee the freedom of the press, speech, religion and to petition for redress of grievances. The right of students to criticize, dissent and protest is protected. However, academic freedom is not academic license. Therefore, in the interest of insuring the education that teachers are here to give and which students are here to receive, Wilberforce University will not condone any action that infringes upon the rights of others.

When students have been apprehended for the violation of a law in the community, the University will not request or agree to special consideration for them because of their status as students.

A University staff member may enter any room in the residence halls or any other University Housing for the purposes of maintenance or repair or in emergency situations. Entry to a room, where there is probable cause to believe that illegal activities or violations of University rules or regulations are taking place, or for purposes of search or seizure of evidence will be made only when authorized by the President, Executive, or Sr. Vice President or designee, preferably when the occupants are present. If there is cause to enter and the student is not available a Resident Director shall accompany the person(s) wishing to enter. If a Resident Director is not available, then a Resident Assistant can witness the search.

The University shall provide all students procedural due process in all disciplinary cases that may result in dismissal or suspension, except as otherwise noted. Minimum of due process under normal conditions includes:

1. Written notice of nature of charges.
2. Opportunity to be heard before the Sr. Vice President of Student Engagement and Success, his/her designee or an impartial committee established by the Division.
3. Procedures that meet the traditional notions of fair play and decency.
4. Examination of witnesses.
5. Support of evidence in the record to assure convictions.
6. Appeal procedures that are duly established and clearly defined.

The Office of Student Engagement and Success, which includes the Sr. Vice President or Associate Vice President/Dean of Students reserves the right to immediately handle mass violations of University rules and regulations or emergency situations, should it be impossible to provide students with all necessary procedural rights and safeguards endemic to due process.

The President, by virtue of the authority delegated to him/her by the Board of Trustees, shall have final responsibility and authority for the discipline of all students enrolled in the University. This responsibility and authority may be delegated to the Executive Vice President or Sr. Vice President or another personnel officer as designated by the President. Questions regarding this policy should be directed to the Senior Vice President of Student Engagement and Success.

## **STUDENT RESPONSIBILITIES**

more dangerous than staying where you are. Staying inside until emergency response can come to retrieve you is the best way for you to stay safe. Often times this is the case with blizzards, earthquakes, and late stages of active shooter events.

### **During Blizzards**

Often times, blizzards are expected by the news, so when you first hear a blizzard will happen, make sure you at least have bottled water, blankets, flashlight with extra batteries, and dry food. Travel is not recommended during the storm, and people should try to stay as dry and as warm as possible. Change and wet clothing as soon as you can, and wear layers for extra insulation. ## UNIVERSITY CLOSING

Under severe weather conditions and/or a declared state of emergency, there could be a delay in opening the University, cancellation of classes, or closure of campus. During emergencies the OneCall system will be used. The information will be e-mailed out and notification of the closing will be posted on the homepage of the university website.

## TORNADO AND SEVERE WEATHER ACTION PLAN

When conditions are favorable for severe weather to develop, a severe thunderstorm or tornado **WATCH** is issued. When a tornado is indicated by weather radar or has been sighted by spotters, and other sources a **WARNING** is issued and you should seek safe shelter immediately.

### **Tornado Watch Procedures:**

When a tornado watch is issued the Campus Police officer shall immediately begin monitoring weather conditions including contact with Sheriff Dispatch, television and on-line resources to remain abreast of weather conditions in the area of the University. If a tornado is imminent the following procedures will then be followed:

1. Activation of the One-Call notification system, including telephone, email, and text messaging. The One-Call message will include notice that a tornado warning is in effect and instructions necessary to remain safe.
2. Available Residence Life staff will be notified and will instruct available RA staff to advise floor members of the tornado warning by door-to-door contact along with instructions for locations of tornado shelters. Team Sweep members of the CED Response Team will direct people in their designated building to the Tunnels, if advised, where people will be the safest from the tornado.

**REMEMBER THESE TIPS:**

- Flying debris and broken glass are the main cause of most serious injuries and deaths during a tornado. When a tornado warning is issued people in buildings should seek protective shelter away from windows, preferably on the lowest floor of the building. People should not go outside during a tornado warning.
- If people find themselves outside during a tornado warning they should move to the nearest building and move to an interior room or lowest hallway. People should stay clear of all areas containing glass panes or windows.
- People who are outside and unable to find shelter should get into a ditch or other low area and cover their head with your hands.
- If people are in a vehicle during a tornado they should get out of the vehicle and seek shelter in a building, low laying ditch or other low area.

The Family Education Rights and Privacy Act (FERPA) of 1974 is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he/she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

- Parents or eligible students have the right to inspect and review the student’s education records maintained by the school within 45 days of the day Wilberforce University receives a request for access. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his/her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student, in order, to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):  
School officials with legitimate education interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to State law.

Schools may disclose, without consent, “directory” information. Directory information released at Wilberforce University includes the student’s name, field of study, dates of attendance, and degrees awarded.

Students have a right to file a complaint with the United States Department of Education concerning alleged failures by Wilberforce University to comply with the requirements of FERPA. The contact information for the office that administers FERPA is:

### **RIGHT TO KNOW and CAMPUS SECURITY (PUBLIC LAW 101-542)**

Consistent with the provisions of the Student- Right-to-Know and Security Act, Wilberforce University will make available to student, faculty and staff members information regarding critical campus security issues. On a yearly basis, the University develops and issues a comprehensive report, which contains relevant data on campus safety and crime statistics. Anyone wanting this data may obtain such for the Wilberforce University Police Department.

### **Jeanne Clery Disclosure of Campus Policy and Crime Reporting**

Title II of Public Law 101-542 The Student Right-To-Know and Campus Security Act of 1990, also known as the “Clery Bill” in memory of Jeanne Clery, was enacted by the United States Congress and signed into law by President George H.W. Bush on November 8, 1990. This law amended Section 485 of the Higher Education Act of 1965 by adding campus crime statistic and security reporting provisions for colleges and universities. The security provisions were amended in 1992 by the Campus Sexual Assault Victim’s Bill of Rights to require that schools develop policies to deal with sexual assault on campus and provide certain assurance to victims. Under the Act all prospective students and employees are entitled to a copy of a school’s crime statistics for the three most recent calendar years and security policies. Current students and employees are to be provided this information automatically. The Act was once again amended in 1998 to include “hate crimes and public police log”.

## **RESIDENCE HALL POLICIES**

Wilberforce University is a residential campus. We believe that students are best served when they are able to learn and live together. We require all students to live on campus. Students must appeal to reside off-campus to the Office of Student Engagement and Success.

### **Alcohol**

Alcohol possession, consumption, and/or distribution is prohibited on campus.

### **Assessment for Damages**

Residents will be held responsible for any damage done to their rooms or to any part of the residence hall and its equipment. Residents must exercise care in filling out the room checklist, which is issued at the beginning of each semester. Residents will be held responsible for any damages to their room over and above those noted on the form. When damage occurs to facilities, the responsible individual(s) will be billed, and judicial action is possible. When damage occurs which cannot be attributed to the responsible individual(s), all students in the hall or floor section will be held responsible for the cost of repair. Should you become aware of the individual(s) responsible for the damage, contact your RA or RD. The cost billed is the actual cost for materials and labor. In addition to fines and administrative costs, each student will be billed for his/her portion of this fee.

### **Appliances**

In an effort to reduce circuit overloading and potential fire hazards, the types of electrical appliances allowed in the residence halls are limited to UL approved clocks, curling irons, electric razors, radios, refrigerators (small dorm size), stereos, televisions and computers. For environmental, health and safety reasons, cooking is not permitted in students' rooms. Appliances will be confiscated and a fine assessed for acts of cooking. Because of the danger of creating a fire hazard, only the following appliances may be retained or used in student rooms: desk lamps, fan, iron, clock, radio, television, portable hair dryer, tape recorder, stereo. PLEASE UNPLUG AFTER USE. NO OTHER COOKING APPLIANCES, SUCH AS MICROWAVES OR HOT PLATES MAY BE RETAINED OR USED IN THE RESIDENCE HALL ROOMS.

### **Candles/Incense**

Candles and incense are not allowed in Wilberforce University facilities.

### **Children**

Children are not permitted in classes, residence halls, university facilities, including King, Stokes, and Walker buildings. Children are not to accompany students to classes or work-study sites. Children are permitted in the Alumni Multiplex, Allen Commons and Cafeteria at events that are open to the public, and must always be accompanied by an adult.

### **Computers - Campus Computing**

All residence hall rooms have access to WiFi. Students will be able to access the wide array of resources on the Internet, communicate via e-mail, and access library materials on the Ohio Link system. Internet access, electronic mail (WU e-mail) accounts, and the open access computer labs are resources provided to the students for their pursuit of educational objectives. Abuse of these resources will not be tolerated, and disciplinary action will take place as warranted. Serious

disciplinary actions will result for tampering with the computer systems or other campus networks. Every student has the responsibility to maintain and enhance the University's image, and to use the Internet and Electronic Mail in a productive manner.

### **Confiscation Policy**

Certain items are prohibited in the residence halls because of health, fire, state laws and safety reasons or University policy. If items such as appliances are found in their rooms, the appliances may be confiscated and not returned. Weapons, alcohol, illegal drugs and drug paraphernalia will not be returned since a violation of state law has occurred. Weapons are turned over to the Wilberforce University Police Department.

### **Gambling**

Gambling is prohibited in University or University-related facilities and at University-sponsored activities and is subject to dismissal, fines and other judicial action.

### **Guest Registration**

All guests must comply with the policies and regulations of Wilberforce University. A resident is entirely responsible for the behavior of his/her guest(s) and is held liable for property damage and/or violation of University policy. A guest of the host resident may not infringe upon the rights of the other roommate. All overnight guests must register with the residence hall staff. Those granted permission for overnight visits are permitted to stay for a maximum of 48 hours. A guest staying longer than 48 hours will be considered an illegal resident. Residents of the living unit will be liable for rental charges and disciplinary action. For health and safety reasons the University reserves the right to limit the number of guests per building. NOTE: The University does not allow minors (under 18 years of age) to be overnight guests unless they are a part of a University-sponsored event. A resident found breaking visitation rules may be subject to having their Residence Life privileges suspended up to or including dismissal, fined or Judicial Hearing.

### **Health and Safety Inspections**

Health and Safety Inspections will be conducted during each semester to determine the general condition of each room and its furniture. The accumulation of excessive trash can affect the health, safety, and campus welfare within and outside of the halls. Those found neglecting trash, or littering inside and/or outside of the halls, will be subject to judicial action. This would be considered a violation of terms and conditions of university contract (Honor Code). If a resident's room has been deemed unclean and unsanitary then they will be given an initial warning to clean up their room for re-inspection. Residents will face disciplinary action if they continue to fail the inspection and leave their room in poor condition after receiving a warning from the Office of Residence Life. Each resident is responsible for keeping the campus community clean and well maintained. **Fine:** \$50 per bag of trash or item.

### **ID/Facility Card**

The Wilberforce University identification card identifies you as a current member of the Wilberforce community. Depending on your relationship within the University, your ID card can also be used as an electronic door key, for admittance to the WU Cafeteria, Computer Lab access and, when combined with a Library barcode, provides access to the University's Library resources. The ID card is the property of the university, must be carried at all times, and is non-

transferable. It may be used for such purposes as the university designates and may be revoked at any time. This card must be presented and/or surrendered upon demand by a university official; failure to do so, or lending this card to anyone, is considered misuse and may subject the holder to disciplinary action, under the Code of Conduct. Lost, stolen or damaged cards must be reported promptly to the Office of Information Technology.

### **Lock-Out Policy**

If students get locked out of their rooms, a Residence Life staff member will let them into their rooms for a \$5.00 fee, and at their discretion. To minimize abuse of this service, a \$25.00 fine will be submitted to the Bursar's Office for additional lockouts.

### **Lost Key or ID/Facility Card**

If a student loses their residence key, a new one can be obtained at the Facilities Management once the \$75.00 replacement fee is paid. Lost, stolen or damaged Student ID/Facility Cards must be reported promptly to the Office of Information Technology. The cost for a replacement Student ID/Facility Card is \$25.00.

### **Noise**

Due to the proximity of the residence halls, noise heard outside of each resident's living unit must be maintained at a reasonable level. Residents are expected to exercise good judgment and consideration in creating a living environment conducive to the achievement of the education mission of the University. For this reason, stereos, radios, and televisions should be played at volumes that cannot be heard outside the resident's living unit. If excessive noise results from abuse of volume levels, the resident may be required to remove the equipment from the residential facility.

### **Offensive Sign and Pictures**

Signs with curse words, sexually explicit drawings, derogatory names and statements, racial slurs, and violent acts are not permitted on room doors or on any facility within the University. Students will be assessed \$200 for removal.

### **Opening & Closing of Residence Halls**

There is an official opening time and date for each academic semester. This information is sent to each student during the preceding semester. Upon arrival on campus, students should go directly to their assigned check-in station. During the first week of each semester, the Resident Assistant will contact each student on the floor to complete a room condition form. The student and the R.A. will check the condition of all items in the student's room. It is important that all damages are noted on the form to correctly identify those damages that occurred prior to the student occupying the room. When necessary, specific remarks should be written on the room condition report. At the end of each academic semester, there is an official checkout period. Students must follow specific instructions for leaving items in rooms. Students who fail to check in/out of their assigned rooms will be fined. NOTE: Residence Halls are officially closed when classes are not in session. This includes the Winter Break (the period following the Fall semester); the Spring Break (typically the 1st week in March) and the Summer Break (the period following the Spring semester). During breaks, students are not allowed to stay on campus or reside in the residence.

**Personal Property**

The University and the Residence Hall Staff assume no responsibility for one's loss of property. Students are encouraged to carry their keys and lock doors at all times. Students are strongly encouraged to consider carrying some form of personal insurance if their family policy does not cover them while they are away from home. Information on insurance plans can be obtained through your Resident Assistance.

**Pets**

For environmental, health, and safety reasons no pets can be kept in the residence halls.

**Public Area Furnishings**

Furniture is provided in residence hall public areas (e.g., lobbies, lounges, Allen Commons) for use of all students. This furniture must remain in these areas; relocation of this furniture is prohibited and is considered theft. If any of these furnishings are found in residents' rooms, there is an automatic fine of \$50.00.

**Public Signs**

The tampering with public signs (e.g. road signs and public service signs such as exit signs) is prohibited. Any unauthorized display of public signs will be subject to confiscation.

**Quiet Hours**

The residence hall is a community that strives for an atmosphere conducive to study and rest so students will be able to perform well at Wilberforce University. With this goal in mind, quiet hours are in effect 8:00 p.m. - 8:00 a.m. Sunday through Thursday and 12:00 a.m. to 12:00 p.m. Friday and Saturday. These hours are minimal quiet hours for each residential unit on campus. If residents within any residential unit believe that quiet hours should be extended, the Resident Director within that unit may take a vote of all residents who would be affected by that change. According to the majority vote, extended quiet hours may be implemented or minimal quiet hours may be retained. During quiet hours, noise may not be heard outside of one's room so as not to disturb fellow residents. Quiet hours are extended to twenty-four hours during finals week. Students are encouraged to share responsibility for upholding quiet hours and others' rights to study and sleep. Consideration hours are in effect at all other times.

**Refrigerators**

Only University-approved refrigerators may be used in residence hall rooms. Fines for violations will be assessed. To qualify for approval, a student-owned refrigerator must meet the following specifications: 1. Be less than ten years old; 2. Be five cubic feet or less; 3. Be no higher than 36", no wider than 25", and no deeper than 25"; 4. Be approved by a representative of the Residential Services staff. Students should have a specification sheet for refrigerators. REFRIGERATORS CANNOT BE STORED IN STUDENT ROOMS FROM ONE YEAR TO THE NEXT. REFRIGERATORS LEFT IN STUDENT ROOMS AT THE END OF THE YEAR BECOME THE PROPERTY OF THE UNIVERSITY.

**Room Decorations**

Wilberforce University encourages students to express their individuality and creativity through their room decorations. Painting of rooms is not permitted, but students may decorate with curtains, carpets, pictures and plants to personalize their home away from home. It is important to

consider all University safety regulations. Decorations must be arranged so as not to prevent easy exit in case of fire. Structural modifications or building on to the students' rooms is prohibited. Residents are advised to use masking tape -not nails- for hanging items on the doors, walls or ceiling.

### **Room/Hall Changes**

Students desiring to change rooms may do so only during the time designated by the Office of Residence Life, but not during the first 10 days of the semester. The time at the beginning of the semester during which room and hall changes cannot be made is used by Residence Life to finalize assignments, assign any late students and determine who has moved in and who has not returned to campus. Students who change rooms without permission of the Office of Residence Life will be fined \$100.

### **Sales Solicitation/Canvassing**

To protect your right to privacy in the residence halls, no group or individual may solicit, sell, act as a vendor or operate a business venture of any kind without permission.

### **Smoking**

The University has adopted a "SMOKE FREE" policy for ALL CAMPUS GROUNDS and BUILDINGS. Violators are subject to disciplinary action.

### **Trash Policy**

For the health and safety of our students, as well as for Wilberforce University property, students are not permitted to throw trash any place other than in the designated dumpsters. All residence hall students are responsible for putting their trash directly into the dumpsters, located outside each residence hall. The Facilities Department will dispose of any trash located in, around or outside the residence halls that has been disposed of improperly, attractive to animals or an eye sore for the university. If the Facilities Department has to remove trash and a student(s) has been identified as being responsible for the trash then a fine of \$50 per bag of trash or item will be assessed. If the responsible student has not been identified then each resident of that wing/floor/hall will be assessed a \$5 fine to cover the cost of the trash removal. If a student is found in continuous violation of this policy then the student will lose their housing privilege and face judicial sanction. All students are asked to assist the Office of Residence Life and the Facilities Department in maintaining a clean and sanitary living environment. Remember, it is your community. PLEASE KEEP IT CLEAN! **Fine:** \$50 per bag of trash or item.

### **Trespassing**

No unauthorized person shall, without privilege, knowingly enter, remain or reside in the residence halls. Violators are subject to arrest.

### **Vandalism**

Vandalism hurts everyone. Residents and guests will be held responsible for any acts of vandalism that they commit. Residents will be responsible or share in the payment of damages of any acts of vandalism that are committed in their residence hall and on their floor. Students found guilty of committing any act of vandalism will face disciplinary actions including fines and payment for the costs of repairing the vandalism.

### **Vending Machines**

Vending machines are installed for student convenience. If these machines are out of order, report this to the Department of Residence Life. Tampering or misuse of any service equipment will result in removal of the equipment and subject students to disciplinary actions.

### **Visitation**

Students who live in the Wilberforce University Residence Halls may have visitors of the same sex in their personal rooms at any time in which the Residence Hall is officially open for student occupancy. Visitors of the opposite sex can visit from Sunday through Thursday from 5:00pm – 12:00pm and on Friday and Saturday, from 3pm-1am.

Visitation is a privilege and not a right. The University reserves the right to suspend or cancel visitation at any time. The hours for visitation are:

Sunday and Thursday: 5:00 pm – 12:00 am

Friday and Saturday: 3:00 pm – 1:00 am

- Visitors must abide by all rules and regulations of the residence halls and the University.
- Visitors must remain with their host/hostess and are not permitted to loiter in the halls.
- The maximum number of visitors in a room is two per resident.
- Visitors must sign in at the security desk and leave their ID with the Residence Hall Desk Monitor.
- Hosts and hostesses must go to the security desk to sign in their visitors.
- They must also escort their visitors out of the residence back to the security desk.
- Visitors must pick up their ID when they check out at the security desk on leaving the residence halls.

The visitation policies may vary from semester to semester, and the privileges afforded by this policy are subject to the following procedures and regulations:

The presence of visitors must in no way interfere with basic academic atmosphere of the residence hall, particularly during evening and early morning hours when classes meet the following day. Except when official social activities are in progress, the personal room areas of the Residence Hall must be kept quiet enough for reasonable study or sleep by student residents.

In the event that an incident occurs or the safety of the residents is threatened, the Resident Assistant, Residence Hall Director, Director of Residence Life, or Wilberforce University Police Officer may cancel visitation immediately. The rights of a resident always supersede those of any visitors at any time - even if it is a time when visitors are permitted. If a resident is inconvenienced by the presence of any visitor at any time, the resident should ask the host or a residence life staff member to have the visitor leave. At Wilberforce, students living in the residence halls will have their residence hall contract canceled if they violate the visitation policy.

Current fines for visitation violations are as follows:

- |               |  |
|---------------|--|
| 1st Violation | \$25.00 Fine, Letter of Warning, 1 month loss of privilege                             |
| 2nd Violation | \$50.00 Fine, 1 year probation with loss of privilege                                  |
| 3rd Violation | \$300 fine, plus possible loss of residential life housing pending a judicial hearing. |

### Cancellation of Residence Hall Contract

This sanction is used when the Office of Residence Life has determined that the student should not be allowed the privilege of living in University residence halls. Students receiving this sanction:

- a. Shall be given the opportunity to discuss the situations with the Director of Residence Life.
- b. Shall be advised of appropriate administrative appeal procedures, and may not be permitted to enter any residence hall or the cafeteria.
- c. May be suspended or dismissed from the University.

Cohabitation is strictly prohibited in the Wilberforce University residence halls. Any student who has an unauthorized overnight visitor will have their residence hall contract cancelled in accordance with the guideline stated above. If the visitor is a Wilberforce University student, the visitor will also receive the same sanction. If the visitor is not a student, the visitor will be placed under arrest for trespassing by the Wilberforce University Campus Police Department and taken to the Greene County Jail. The visitor will also be barred from campus. There will be no exceptions.

### **Washer & Dryer Service**

Washers and dryers are conveniently located in each residence hall complex. Do not leave articles unattended in the laundry room. It is the student's responsibility to keep the area clean. If these machines are out of order or money is lost, contact the Residence Life Office.

### **Weapons**

The unapproved carrying and or possession of a dangerous weapon or material of any type or description, including, but not limited to, firearms, compressed air guns, water guns, pellet guns, BB guns, illegal knives, explosive devices, incendiary devices, fireworks, ammunitions, or any other dangerous "ordinances" as defined by Ohio law. Those found with the above possessions are subject to university discipline as well as to criminal sanctions. Students who are found with any lethal weapon are immediately dismissed from the university and will be arrested.

### **Windows**

Throwing any object out of a window is prohibited. Screens are not to be removed except in cases of extreme emergency. Windows are not to be used as an entry or exit. Residents will be charged to replace or repair missing or damaged screens. Items are not allowed to be fastened to, or hung from, the outside of any residential facility.

## **ROOM ENTRY AND SEARCH**

### **A. Policy and Intent**

The University makes every effort to ensure privacy in all residence halls. Nevertheless, designated University officials have the right to enter students' rooms for matters pertaining to general health and safety; to perform reasonable custodial, maintenance and repair service; to inspect for damages or cleanliness; and for suspected rule violation. In addition, designated University Officials may enter and search a student's room if there is any reason to believe that the premises are being used for an illegal purpose or a purpose that violates health or safety regulations or interferes with normal University operations. Evidence of such unauthorized use of University premises may be confiscated and used in disciplinary proceedings. The following policy is intended to define procedures for room entry and room searches that preserve as much

as possible the integrity of students and their right to privacy. It should be clearly understood that the guidelines outlined for search and entry at the University are intended for internal protection and control. However, nothing herein can limit the ability of bonafide law enforcement or judicial agencies to seek and obtain legal search warrants to enter and search rooms or University campus.

**B. Definitions**

1. "Room entry" means entrance into a student's room to fulfill the duties of authorized personnel or to inspect the conditions within the room for health and safety reasons.
2. "Room search" means a formal seeking of evidence to reflect reasonable cause to believe that health and safety regulations or the Code of Student Conduct has been violated.

**C. Conditions for Room Entry**

Rooms can be entered only with reasonable cause to believe that one of the conditions for entry is satisfied. The occupants will be notified of the reason for any room entry. The following are guidelines for room entry:

1. A clear indication that established conduct standards, health, and/or safety regulations are being violated. This requires the utmost care and sensitivity to the issue of maintaining privacy for students in the residence hall setting. It is recognized that fruitless room entry can quickly destroy staff-student relations.
2. Health officials and members of residence hall staff conduct periodic health and safety inspections. The spirit of these inspections is for preventive and corrective action and is in no way designed to include room search.
3. A student's room may be entered to affect maintenance and general repair or servicing of telecommunication lines and equipment within the student's living area.
4. A student's room may be entered in cases of imminent danger to health or safety.
5. When fire drills are in progress, the residence hall staff, to fulfill their responsibilities, must inspect rooms to ensure that the hall is vacated.

**D. Procedures for Room Entry**

1. No student room should be entered without knocking and identification of self. Entry, following the knock, shall be preceded by a time lapse of sufficient duration to provide the occupant or occupants with an opportunity to open the door themselves. This provision shall also apply to maintenance personnel.
2. Rooms should be entered in the absence of the occupant or occupants only when a maintenance or repair emergency exists.
3. If it should be necessary under the conditions outlined for authorized University personnel or their agents to enter a room when the occupant or occupants are not present, the student will be notified of the entry and the reason for the entry. Every attempt will be made to give students advance notice of improvements and repairs to the rooms. In emergency situations when imminent danger to life, safety, health, or property is reasonably feared, entry will be made without advance notice.
4. The privacy of the occupant or occupants with respect to other students should be maintained when University personnel enter a student's room. Other students or individuals should not be permitted to enter the room in the absence of the occupant or occupants.
5. Students feeling abused by the above policy may appeal directly to the Office of Residence Life and Sr. Vice President of Student Engagement and Success. The appeal should be in writing and presented to the Office of Residence Life and Sr. Vice President of Student Engagement and Success within ten days of the actual occurrence.

6. The following personnel shall be authorized to enter residence hall student rooms under the conditions prescribed:
  - a) Full-time professional members of the residence hall staff.
  - b) Resident Assistants under the supervision of a Full-time Residence Life Staff.
  - c) Full-time members of the maintenance staff of the Physical Plant Services.
  - d) Non-University personnel contracted to perform maintenance or repair services on behalf of residence life or Physical Plant Services.
  - e) In the absence of the Residence Director, a Resident Assistant with a WU police officer may act in cases of immediate and clear emergency regarding health and safety. Other cases should be referred to the Director of Residence Life.
  - f) Residence hall staff and WU police officer cannot enter students' rooms without "reasonable cause".

**E. Conditions for Room Search**

Rooms will be searched only with reasonable cause and the occupant or occupants will be informed of the reason of any room search. There are two basic situations that precipitate administrative room search:

1. A clear indication that the established Code of Student Conduct or health and safety regulations are being violated.
2. An emergency that makes it necessary for a staff member to search a room for a particular item, such as a discarded sleeping pill bottle or a particular telephone number or address. In an emergency situation, word-of-mouth approval will suffice and a formal search permit will not be necessary.

**F. Procedures for Room Search**

1. For internal operations not anticipating civil or criminal prosecution, the individual(s) or agency concerned must secure a search permit from the Sr. Vice President of Student Engagement and Success or designee. In cases of possible civil or criminal prosecution, it is the policy of the Police or Sheriff's Department to secure a legal search warrant in accordance with the Ohio Revised Code requirements.
2. When it is necessary for authorized University personnel or their agents to search a student's room when the occupant or occupants are not present, one full-time professional member of the residence hall staff must be present.
3. No student room shall be entered without knocking. Entry, following the knock, shall be preceded by a time lapse to provide the occupant or occupants an opportunity to open the doors themselves.
4. The student should be given the opportunity to open all drawers, luggage, etc., during the room search, except in those cases where a weapon or drugs are involved.
5. In the absence of reasonable cause for such action, a general search or a search of a number of rooms in a given area is prohibited.
6. Contraband seized during a room search will be turned over to the Wilberforce Police Department. Wilberforce Police Officers cannot conduct a room search without a warrant issued by a judge. Incriminating items that are located in plain view of a Wilberforce Police Officer, who has a lawful right to be in the room when the item is seen, may seize contraband or other evidence of a crime. Any Wilberforce Police officer who makes a lawful arrest inside a student residence room may search the arrestee and the area in the arrestee's immediate control.
7. When the search is completed, the individuals conducting the search must complete a search inventory form, specifying the date, room searched, name of the occupants, residence hall staff conducting the search, circumstances constituting "reasonable cause",

and detailed explanation of materials seized and ownership. This form and materials confiscated by the residence hall staff must be forwarded to the Office of the Sr. Vice President of Student Engagement and Success. Materials confiscated by Wilberforce University Police Department or local police or Sheriff's Departments must be noted on the form.

8. All materials confiscated by the residence hall staff, Wilberforce University police or local police or sheriff's Departments must be marked, secured and held pending University judicial action and/or criminal prosecution.
9. A student who believes this policy has been violated has the prerogative of appealing directly to the Sr. Vice President of Student Engagement and Success. The appeal must be in written form and presented within ten days of the actual occurrence.

## **STUDENT ACTIVITIES POLICIES**

### **Forming a student organization**

Wilberforce University encourages students to organize and participate in organizations within the context of the general University, student, alumni, and community interests. Because groups must be coordinated and students must be informed regarding possible involvement, all student organizations, including but not limited to academic groups, interest groups, fraternal organizations, recreational clubs, political and social and religious groups must register with the Office of Student Activities. Please contact the Office of Student Activities to begin the process for starting a student organization.

- B. University facilities may be used for activities other than authorized instruction only when these activities relate to the University's mission of teaching and service. ### **WILBERFORCE UNIVERSITY MEMBERSHIP INTAKE GUIDELINES**

The primary purpose of the fraternities and sororities on the campus of Wilberforce University is to provide greater educational opportunities by complementing the goals of the institution. The basic philosophy of the university's Greek system is one of education. It centers on encouraging the growth and development of each member's potential through the responsible practice of specific principles. The entire programming of the chapter is formally and informally structured around these principles. Students who benefit from the Greek experience at "dear old" W.U. must seek to perpetuate it. Indeed, it is an important aspect of our campus life.

The primary responsibility for the administration of the Greek organizations has been delegated to the Sr. Vice President of Student Engagement and Success. The Office of Student Activities in association with the advisors to the Pan-Hellenic Council supervises all Greek organizations and monitors the membership intake process. Each chapter has an advisor and all Greek chapters are governed by the Pan- Hellenic Council. The University does not recognize "little brother" or "little sister" organizations, i.e. sweethearts.

Advisors should be members of the Wilberforce University's faculty or senior staff. If this is not possible, the local graduate chapter may recommend a member or members to serve as advisor(s). This recommendation must be approved by the Senior Vice President of Student Engagement and Success.

Wilberforce University students, as individuals or members of an organization, are expressly prohibited from engaging in hazing. This infers the need for self-discipline and respect for the rights and privileges of others by those who are involved in Greek organizations. All members of Greek organizations are expected to adhere to the University's Code of Student Conduct. Enforcement of University policies, rules, and regulations is everyone's responsibility.

Pan Hellenic Council Advisors:

The Pan Hellenic shall have two advisors. One will be the Director of Student Activities and the other will be the Sr. Vice President of Student Engagement or designee. Advisors are not required to be members of the organizations, but a current member of a fraternity or sorority but who does not advise a local chapter. All fraternities and sororities are required to adhere to operational procedures regarding membership intake. The full membership intake information is available via the Office of Student Activities or <http://wilberforce.edu/students/activities/>. Students may not begin the intake process without completion of the membership intake application, anti-hazing workshop, and meeting with Office of Student Activities.

## **OHIO HAZING LAW**

Any person, who is subjected to hazing, as defined in Division (A) of Section 2903.31 of the Revised Code, may commence a civil action for injury or damages, including mental and physical pain and suffering that result from the hazing. The action may be brought against any participants in the hazing: any organization whose local or national directors, trustees, or officers authorized, requested, commanded, or tolerated the hazing; and any local or national director, trustee, or officer of the organization, who authorized, requested, commanded, or tolerated the hazing. If hazing involves students in a primary, secondary, or post-secondary school, university, college, or any other educational institution, an action may also be brought against any administrator, employee, or faculty member of the school, university, college, or other educational institution who knew or reasonably should have known of the hazing and who did not make reasonable attempts to prevent it against the school, university, college, or other educational institution itself. If an administrator, employee, or faculty member is found liable in a civil action for hazing, then notwithstanding Chapter 2743 of the Revised Code, the school, university, college, or other educational institution that employed the administrator, employee, or faculty member may also be held liable. The negligence or consent of the plaintiff is not a defense to an action brought pursuant to this section. In an action against a school, university, college, or the educational institution, it is an affirmative defense that the school, university, college, or other educational institution was actively enforcing a policy against hazing at the time the cause of action arose.

As used in this section, “hazing” means doing any act or coercing another, including the victim, to do any act of initiation into any student Greek or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. **In accordance with the National Pan Hellenic Council there should be no physical, mental, or verbal abuse, scare tactics, horseplay, practical jokes, or tricks, or any humiliating, or demeaning acts which might negatively affect any prospective member prior to or during the intake process and the ceremonial ritual while becoming a member of the affiliate organizational chapter.**

1. No person shall recklessly participate in the hazing of another.
2. No administrator, employee, or faculty member of any primary, secondary, or post-secondary school or of any other educational institution, public or private, shall recklessly permit the hazing of any person.

## **PROSPECTIVE MEMBERS AND CHAPTER MEMBERS**

This includes, but is not limited to, type of clothing, specific hairstyles, shaving heads, the application or lack of makeup, specific jewelry, etc.
4. All members are encouraged to attend all workshops, seminars, meetings required by the national organization. This includes any regional and/or state meetings.

Students using these labs are required to comply with the posted rules of operation in the labs, and to refrain from engaging in activities or horseplay that would interfere with other students attempting to study.

### **Internet Communications**

Students are representing the University when accessing the Internet via university-provided resources. They are responsible for seeing that the Internet is used in an effective, ethical and lawful manner. Use of the Internet must not disrupt the operation of the University’s network or the networks of other users. It must not interfere with your productivity or the productivity of others. Each student is responsible for the content of all text, audio or images that they place or send over the Internet or Electronic Mail. Fraudulent, harassing or obscene messages are prohibited. All messages communicated on University systems should have your name attached. No messages will be transmitted under an assumed name. Users may not attempt to obscure the origin of any message. Information published on University systems should not violate or infringe upon the rights of others. No abusive, profane, offensive language or material is to be transmitted through these systems.

### **Copyright Issues**

Copyrighted materials should not be transmitted illegally via the Internet. The use of software applications meant to facilitate illegal file sharing is not permitted on the Wilberforce University network—violation of this policy may result in network access for that computer being terminated. Users are not permitted to copy, transfer, rename, add or delete information or programs belonging to other users unless given express permission to do so by the owner. Failure to observe copyright or license agreements may result in disciplinary action from the University or legal action by the copyright owner.

### **Security**

All messages created, sent or retrieved via our systems over the Internet or e-mails are the property of the University, and should be considered public information. The University reserves the right to access and monitor all messages and files on its computer systems as deemed necessary and appropriate. All communications including text and images can be disclosed to law enforcement or other third parties as required by law without prior consent of the sender or the receiver. Circumvention of any system security measures to attempt to access privileged information will result in disciplinary proceedings.

### **Harassment**

Harassment of any kind is prohibited. No messages with derogatory or inflammatory remarks about an individual or group's race, religion, national origin, physical attributes, or sexual preference will be transmitted. Harassment through messages (i.e., pornographic messages or materials) will be dealt with in the same severity as outlined in the Handbook section discussing criminal actions. Violations of any guidelines listed above as well as any additional policies established by the University may result in disciplinary action up to and including dismissal. If necessary, the University will advise appropriate legal authorities of any illegal violations.

## **TITLE IX SEXUAL MISCONDUCT POLICY (includes Harassment)**

At Wilberforce University we are committed to maintaining a safe environment where students are free to learn. Your health and safety is one of our greatest priorities. Our commitment to your safety includes preventing sexual misconduct and harassment. Through education, prevention and response efforts, we strive to eradicate sexual violence. This guide provides a summary of our definitions, sexual misconduct policy, and response procedures. You are encouraged to review the full Title IX Sexual Misconduct Policy and procedure at:

<http://wilberforce.edu/preventsexualmisconduct>.

### **What is Title IX?**

“Title IX is not just about sports; it is a prohibition against sex-based discrimination in education. It addresses discrimination against pregnant and parenting students and women in STEM (science, technology, engineering, and math) programs. It also addresses sexual harassment, gender-based discrimination, and sexual violence. Sexual violence includes attempted or completed rape or sexual assault, as well as sexual harassment, stalking, voyeurism, exhibitionism, verbal or physical sexuality-based threats or abuse, and intimate partner violence.”

– Know Your Rights

Our policy is based on consent. Sexual Consent is clear, knowing, and voluntary permission by words or actions for specific sexual activity or contact. Consent may be withdrawn at any time during sexual activity. Silence or absence of resistance alone is not consent. A current or prior relationship is not sufficient to constitute consent.

- Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in activity.
- A person can withdraw consent at any time during sexual activity by expressing in words or actions that he or she no longer wants the act to continue, and, if that happens, the other person must stop immediately. Continued pressure can be coercive, and is also a violation of this policy.
- Silence or the absence of resistance alone is not consent.
- Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse).
- A current or previous dating relationship is not sufficient to constitute consent.
- In the State of Ohio, the age of consent is 16 years old.

Wilberforce University will not tolerate sexual assault of any kind. Therefore, any unwelcome sexual advance, request for a sexual favor, obscene phone call, indecent exposure, act of date or courtship violence, sexual harassment, or other sexual misconduct that is against another’s will or that substantially interferes with another’s academic efforts, employment, participation in university-sponsored programs or activities is a violation of accepted standards of the University. Sexual offenses on the part of any member of the University community, students, faculty or staff are prohibited and subject to institutional disciplinary action and/or criminal prosecution.

The Ohio Revised Code outlines sexual assault to include:

- Rape
- Sexual Battery
- Corruption of a Minor
- Gross Sexual Imposition
- Sexual Imposition
- Importuning

### **Reporting of Sexual Misconduct**

Students, Faculty, and Staff may report instances of sexual misconduct relating to students to the Community Standards Officer, and/or the campus police. Upon receiving a report from the campus police, community standards officer, student, faculty or staff member, the Title IX Sexual Misconduct Coordinator (Dr. Tashia Bradley) will make contact with the student to share resources, and inform the student of their options through the Wilberforce Student Code of Conduct. Please note that a report is made when a student notifies any faculty or staff member. In these instances staff and faculty members must report to the Title IX Sexual Misconduct Coordinator the incident. Students always also have the option to report sexual assault, stalking, sexual exploitation, intimate partner violence, dating violence to the police. Wilberforce University Campus Police can be contacted at (937) 313-9049. Students will also be provided with referral to resources and support in addition to information about judicial processes for these matters.

## **Response to Sexual Misconduct**

The Title IX Sexual Misconduct Coordinator or designee will meet with person(s) making the report to explain conduct procedures, criminal and/or administrative proceedings, no contact directives and remedial action; and confidentiality and privacy.

Students will be informed of their options for proceeding and may choose from the following:

- 1). A student may report, and request a non- disciplinary process. This process is facilitated by the Title IX Sexual Misconduct Coordinator and is a communication about the alleged incident and its impact, safety measures, and possible sanctions.
- 2). A student may report, and request disciplinary action. This process involves a formal investigation in preparation for a sexual misconduct hearing. Students found responsible through the hearing process will receive sanctions based upon the Wilberforce University Student Code of Conduct.
- 3). A student may report, and request that the University take no further action. The Title IX Sexual Misconduct coordinator will then assess the incident, while considering the institutions obligation to maintain a safe campus community. If the request of non-action can't be implemented, the Title IX Sexual Misconduct coordinator will notify the student before they proceed.

In cases requesting an administrative process, a trained staff member will complete an investigation prior to the hearing. This will include gathering information through interviews, review of documents, and other acts in order to perform an investigation. The investigator will prepare a summary report with recommended sanctions to the hearing panel, after students review. The hearing panel will generally question the investigator and accept or reject the recommendations. Accusing and Accused students may make opening and closing statements. Wilberforce University standard of evidence refers to as a “preponderance of the evidence,” asking decision-makers to consider whether it is more likely than not that a violation occurred. Accused and accusing students are notified, in writing, of all outcomes. A student may appeal a decision within five days.
