

Program Learning Outcomes HEALTH SERVICES ADMINISTRATION

A student graduating with a B.S. in Health Services Administration from Wilberforce University will be able to:

- Demonstrate an understanding of the United States health care system.
- Understand and apply best practices and business theories to the management of a health care organization.
- Apply quantitative analysis and technological tools to synthesize and analyze information to make sound business decisions.
- Produce clearly written, concise business analyses and reports.
- Design and deliver clear, well organized, persuasive oral presentations.
- Demonstrate career readiness skills necessary to smoothly and effectively transition into an entry level position or graduate program in or related to Health Services Administration.
